Seasonal campers are expected to maintain their own sites; i.e. mowing, tidiness, garbage removed from burners and grounds. All campers, before retiring for the night, are responsible for cleaning up their site; i.e. all bottles, garbage, etc. cleaned up and/or removed from your lot.

DO NOT MOVE FIRE PITS. Open campfires are permitted unless notified by the campground. Please use fire pit provided and do not relocate fire pits as the water and electrical lines run very close to the surface and heat from the fire may damage these lines. By moving the pits around you also destroy the grass. Any damage caused from a relocated fire pit will be the responsibility of the registered camper of that site. Firewood is available through the canteen. Do not cut any trees in the woods for campfires. Do not leave your campfire unattended. No axes or chain saws are permitted on the campground.
